“A lovely accepting and non-judgmental space to explore bodywork and movement. Facilitated at relaxing pace and infused with clarity and humor. Great for “just being there” while also providing ample material and ideas for self-care, personal development, and professional practice”

~ Sandy (Shiatsu Practitioner & Dance Teacher)

Daniela learned Sei-ki from its founder, Akinobu Kishi, and has dedicated over 20 years to researching and integrating this method with clients and students. Based in Totnes, Devon, Daniela runs an established Shiatsu and Sei-ki practice and enjoys serving as a course facilitator for organizations and independent groups.
